

FIVE REASONS WHY FORMFIRE BEATS PAPER APPLICATIONS WHEN APPLYING FOR HEALTH INSURANCE FOR YOU AND YOUR COMPANY!!

PAPER APPLICATIONS

NO.

Unless you fill out every carrier's application, there is no way to be sure that you are getting the best rates possible.

ALL OF IT.

This can be time-consuming, and involves holding onto employees' sensitive personal health information.

THERE IS NO EASY WAY.

Checking to see who is done is a headache, and some people don't even answer all of the questions...

NOT ALWAYS.

Applications that are sent via e-mail are not always secure, and they go through many hands.

NO.

Every year means starting from scratch and re-filling out the applications again.

VS.

FORMFIRE 

Can I be sure that I'm getting the best rates available for my company?

How much paper will I have to collect and organize?

How do I check to see who has finished their applications?

Is my health info stored/transferred in a HIPAA-compliant way?

Is the information stored so that I don't have to enter it again next year?

YES.

FORMFIRE'S breakthrough technology uses one on-line survey to create every major carrier's application.

NONE.

Employees create their own password-protected accounts, and no actual paper is generated.

WITH THE CLICK OF A BUTTON.

You can see a list of which employees have completed all the questions.

YES.

FORMFIRE creates a secure, encrypted digital transfer directly into the hands of the people who need it.

YES.

Everything you entered this year is securely stored, so you won't have to enter it again next year.
